

## How to duplicate scene

1. Select the folder as you want to duplicate(example duplicate scene05)

2. Choose duplicate(Ctrl+D)

Screenshot of Adobe After Effects interface showing a composition named "Website\_Present".

The Project panel on the left shows a folder named "Scene05d" containing three items: "55d\_Background", "55d\_Page", and "Scene05d". The "Scene05d" item is highlighted with a red border.

The Composition panel in the center displays a website template with a hero section featuring a man in a suit, a hot air balloon, and the text "WE CREATE THE THEME". Below the hero section is a grid of service icons. A large text layer labeled "MAIN TEXT" is visible on the right side of the composition.

The Timeline panel at the bottom shows multiple layers (1 through 12) and their corresponding keyframes. Layer 6, which corresponds to "Scene05d" in the Project panel, has its keyframes highlighted with a red vertical bar.

3.Change the name of comp and folder from duplicate

File Edit Composition Layer Effect Animation View Window Help

2 Description	Normal	None
3 Mian_Text	Normal	None
4 Line	Normal	None
5 [S5_Page]	Normal	
6 [S5_Background]	Normal	None

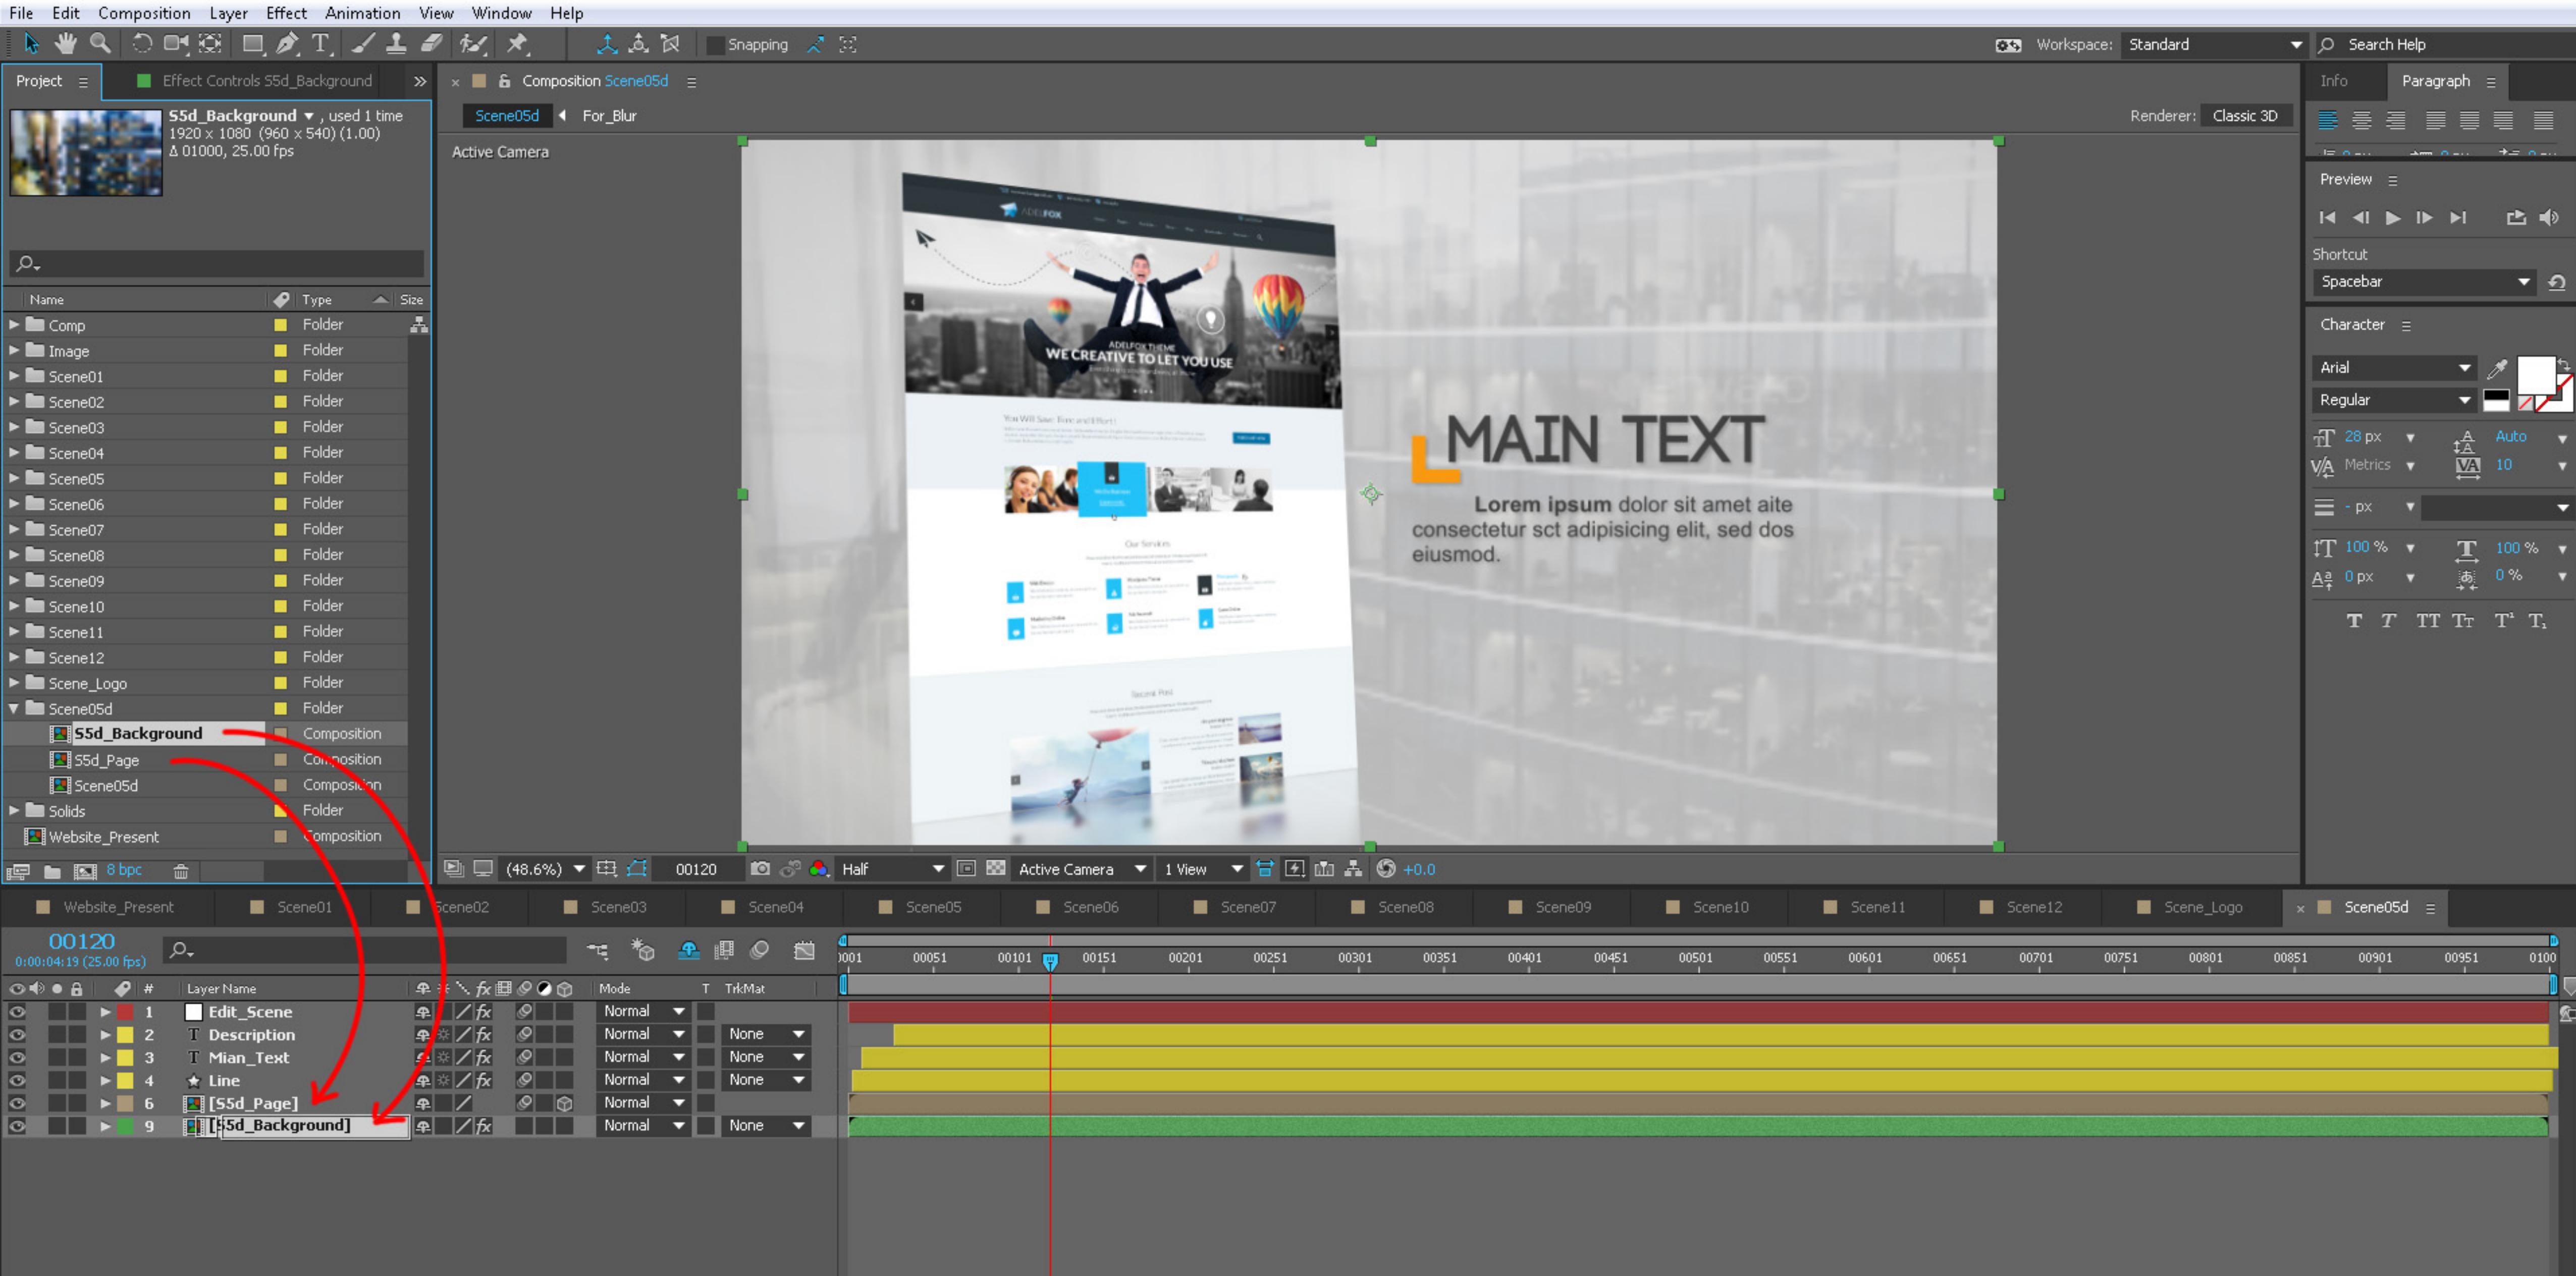

4. Open comp “SceneXX” from duplicate

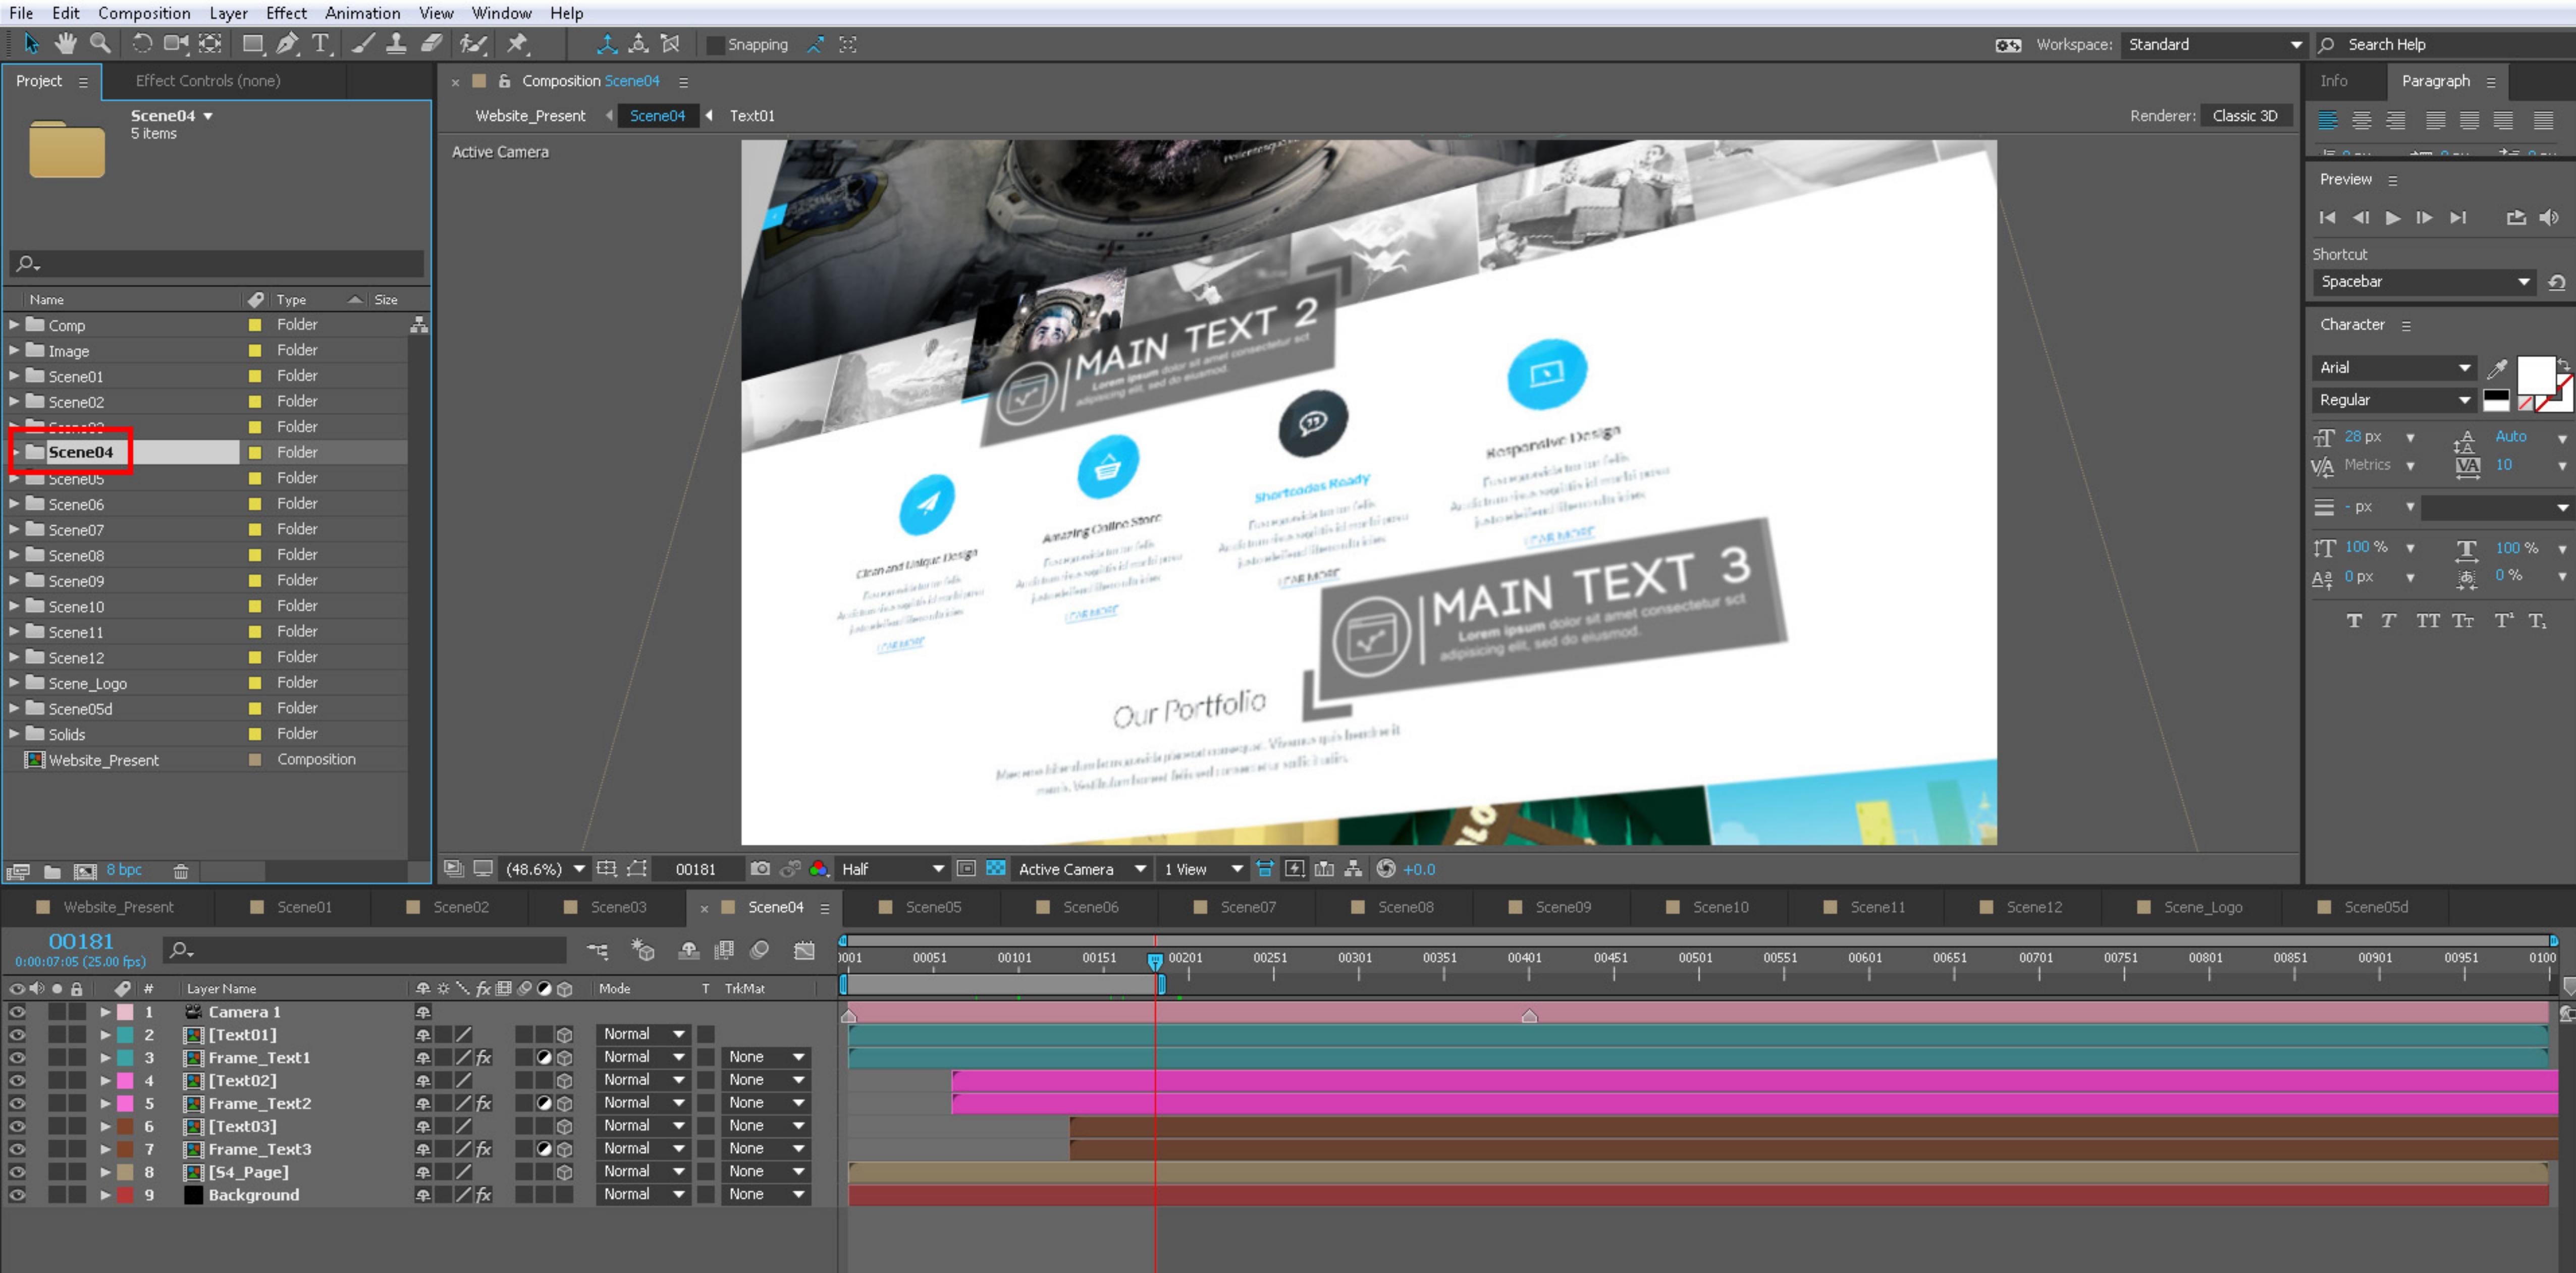

5. Replace any comp in folder duplicate into the timeline of comp from duplicate.

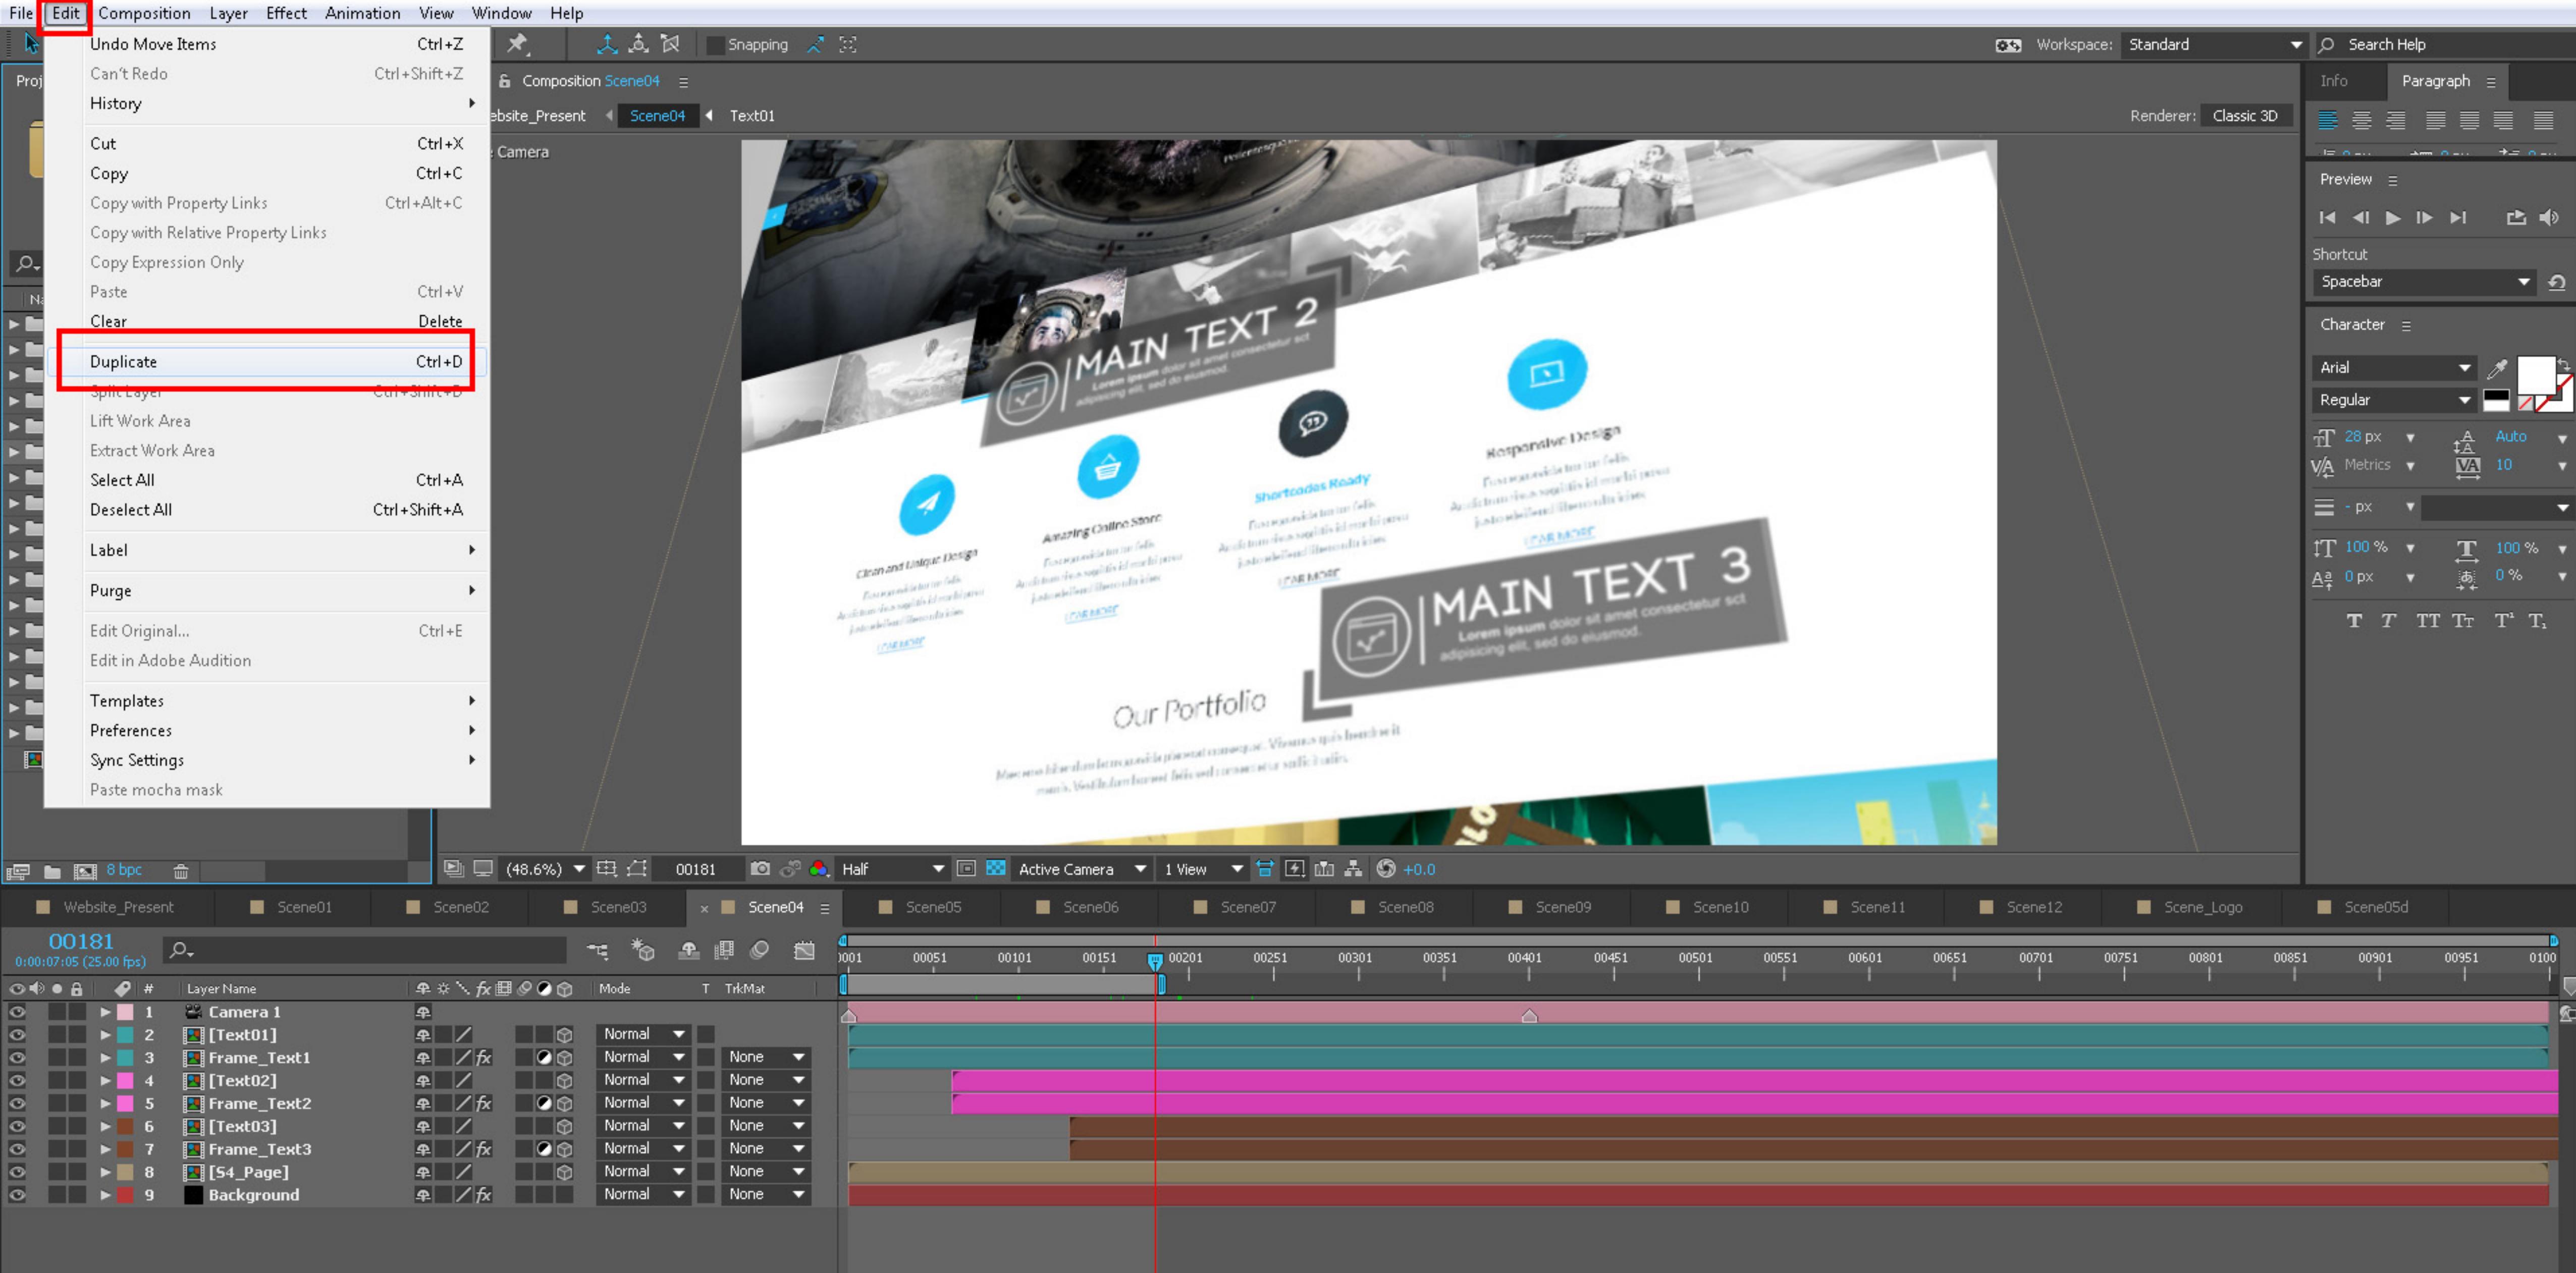

How to replace 1. Select the layer “Sxx\_Background” in the timeline and press hold Alt(Option)

2. Drag the comp “Sxx\_Background” in folder from duplicate into the layer “Sxx\_Background” in the timeline

Example : duplicate scene04 : Select the folder scene04

Choose duplicate(Ctrl+D)

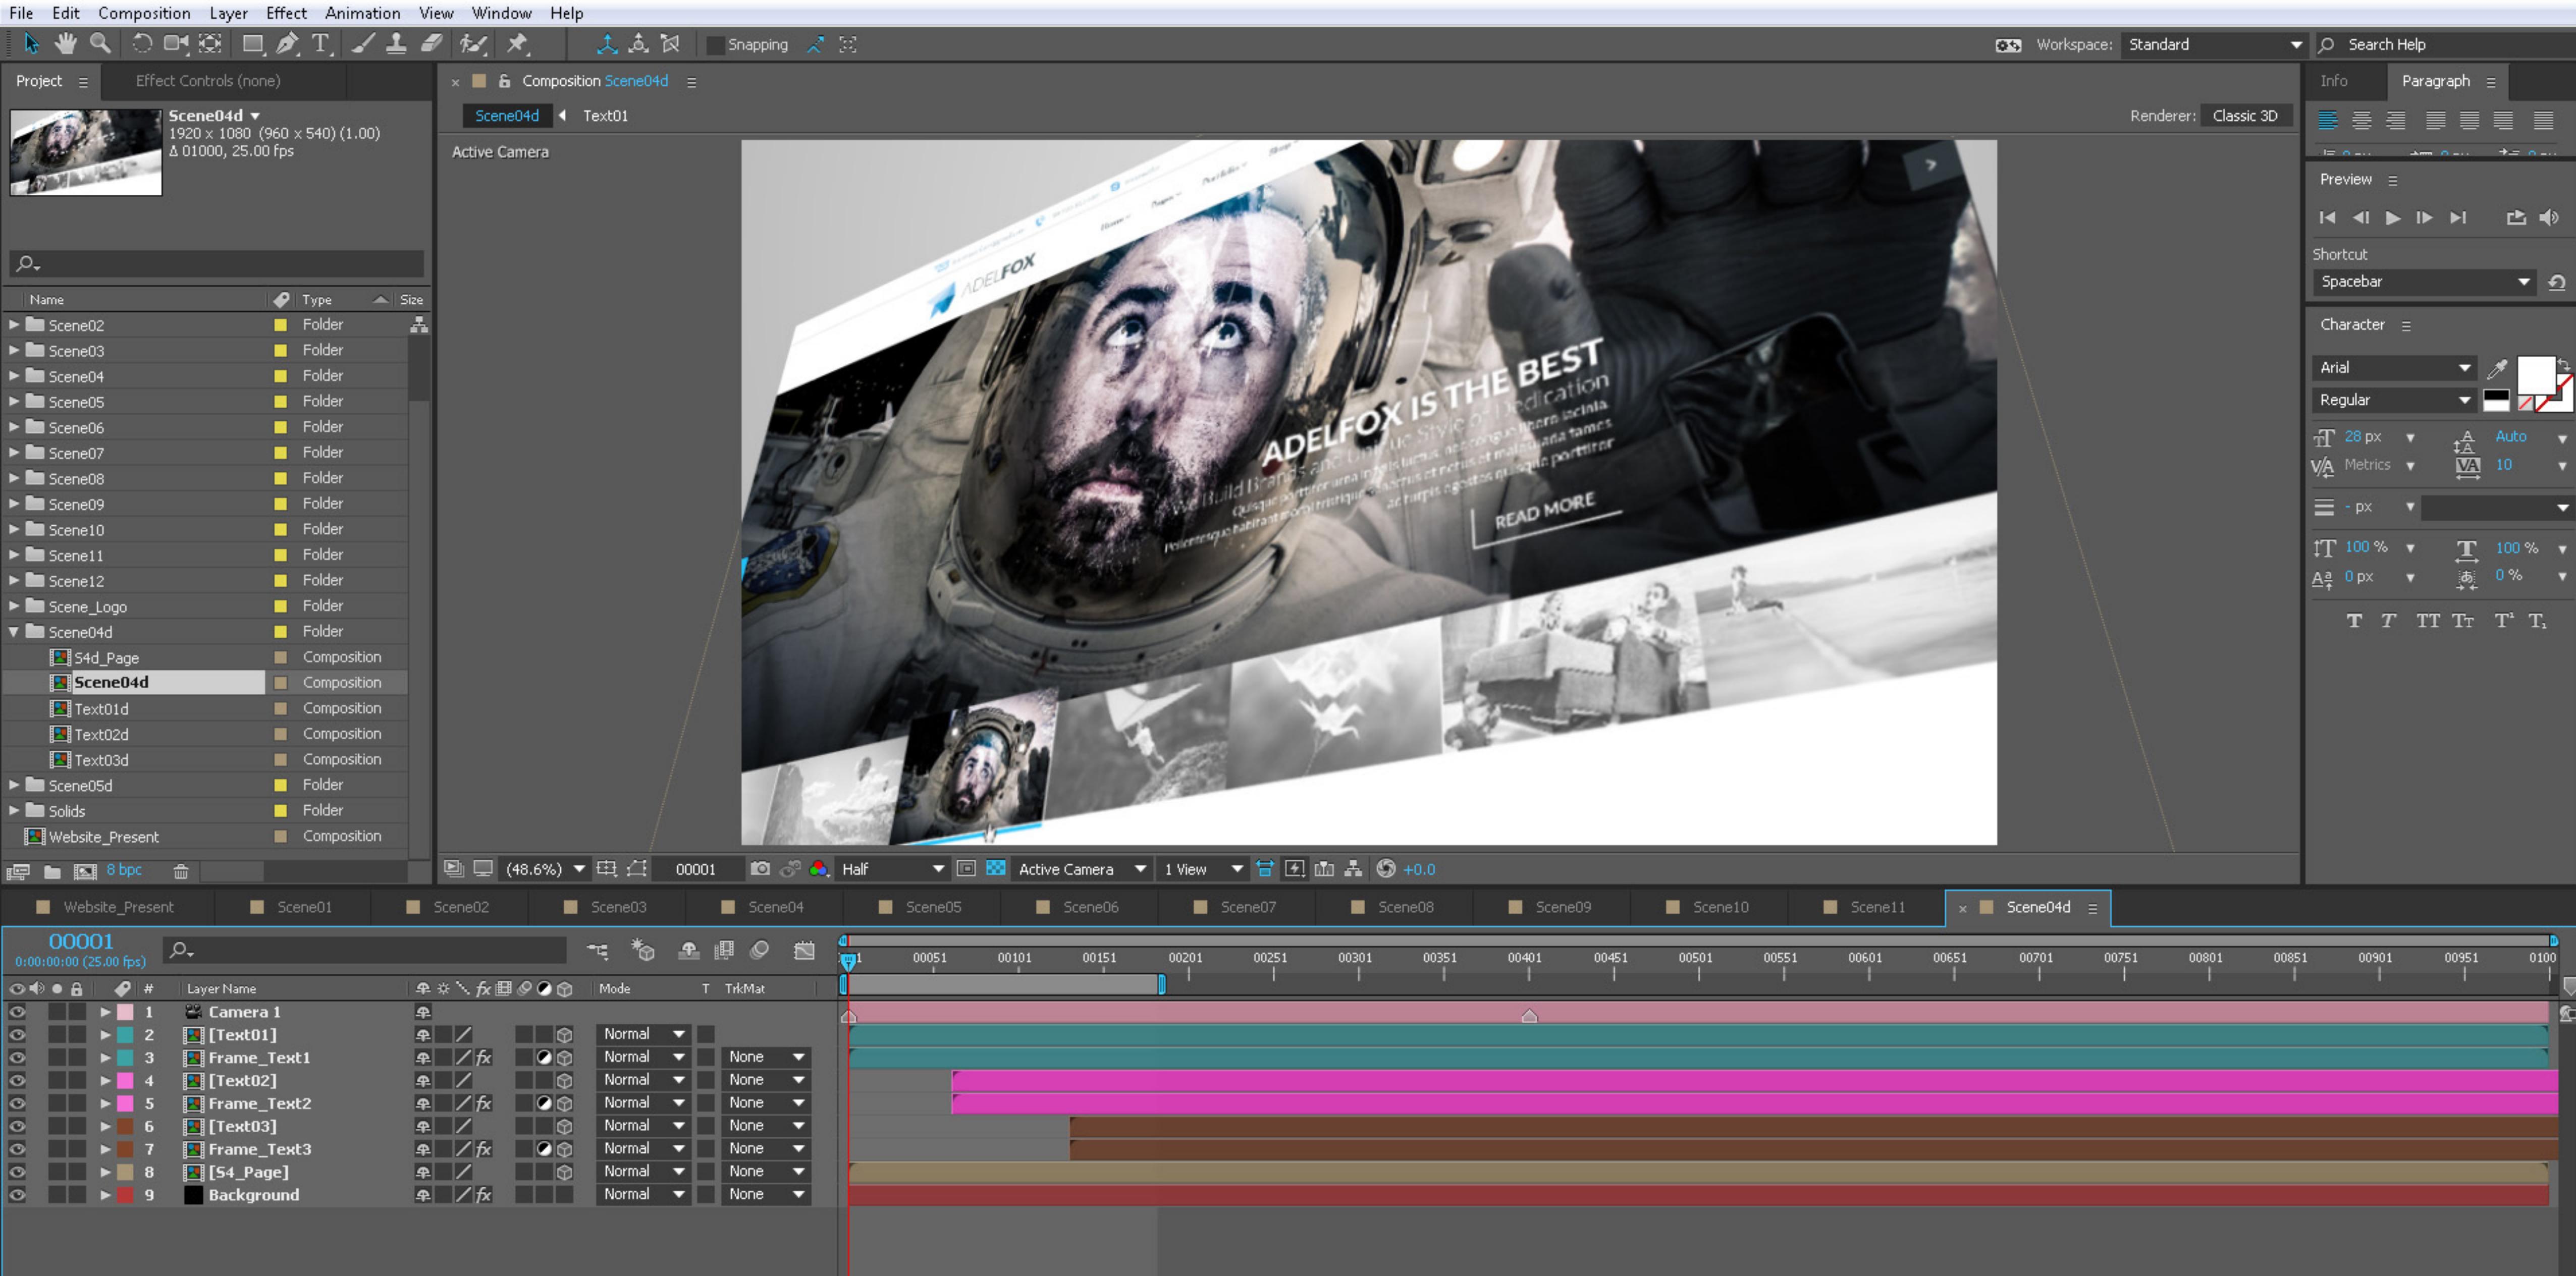

Screenshot of Adobe After Effects interface showing a composition named "Scene04" with a red box highlighting the "Scene04d" folder in the Project panel.

The Project panel shows the following structure:

- Scene02
- Scene03
- Scene04
- Scene05
- Scene06
- Scene07
- Scene08
- Scene09
- Scene10
- Scene11
- Scene12
- Scene Logo
- Scene04d** (highlighted with a red box)
  - 54d\_Page
  - Scene04d
  - Text01d
  - Text02d
  - Text03d
- Scene05d
- Solids
- Website\_Present

The Composition panel displays a scene with multiple layers, including "MAIN TEXT 2" and "MAIN TEXT 3". The Timeline panel at the bottom shows a sequence of frames from 00181 to 0100, with various layers like Camera 1, Text01, and Background visible.

Change the name of comp and folder from duplicate

Open comp “SceneXX” from duplicate

Screenshot of Adobe After Effects interface showing a composition named "Scene04d".

The Project panel on the left shows a folder structure:

- Scene02
- Scene03
- Scene04
- Scene05
- Scene06
- Scene07
- Scene08
- Scene09
- Scene10
- Scene11
- Scene12
- Scene\_Logo
- Scene04d

  - S4d\_Page**
  - Scene04d
  - Text01d
  - Text02d
  - Text03d

- Scene05d
- Solids
- Website\_Present

The Composition panel in the center displays a scene featuring an astronaut in a spacesuit. The suit has text overlaid: "ADELFOX IS THE BEST" and "ADELFOX Build Brands and Unique Style of Medication". A "READ MORE" button is also visible.

The Timeline panel at the bottom shows layers 1 through 9 and the "Background". Red arrows point from the "Text01d", "Text02d", "Text03d", and "S4d\_Page" items in the Project panel to their corresponding timeline tracks. The "Background" layer is also highlighted with a red arrow.

Replace any comp in folder duplicate into the timeline of comp from duplicate.
