

Screenshot of a video editing software interface showing a composition for "Scene04".

The Project panel on the left shows a folder structure with "Scene04" selected. The Composition panel shows a complex multi-layered scene featuring a close-up of a person's face, several text overlays ("MAIN TEXT 1", "MAIN TEXT 2", "MAIN TEXT 3"), and various icons. The Timeline panel at the bottom displays a sequence of frames from 00100 to 01000, with layer 6, "[Text03]", highlighted.

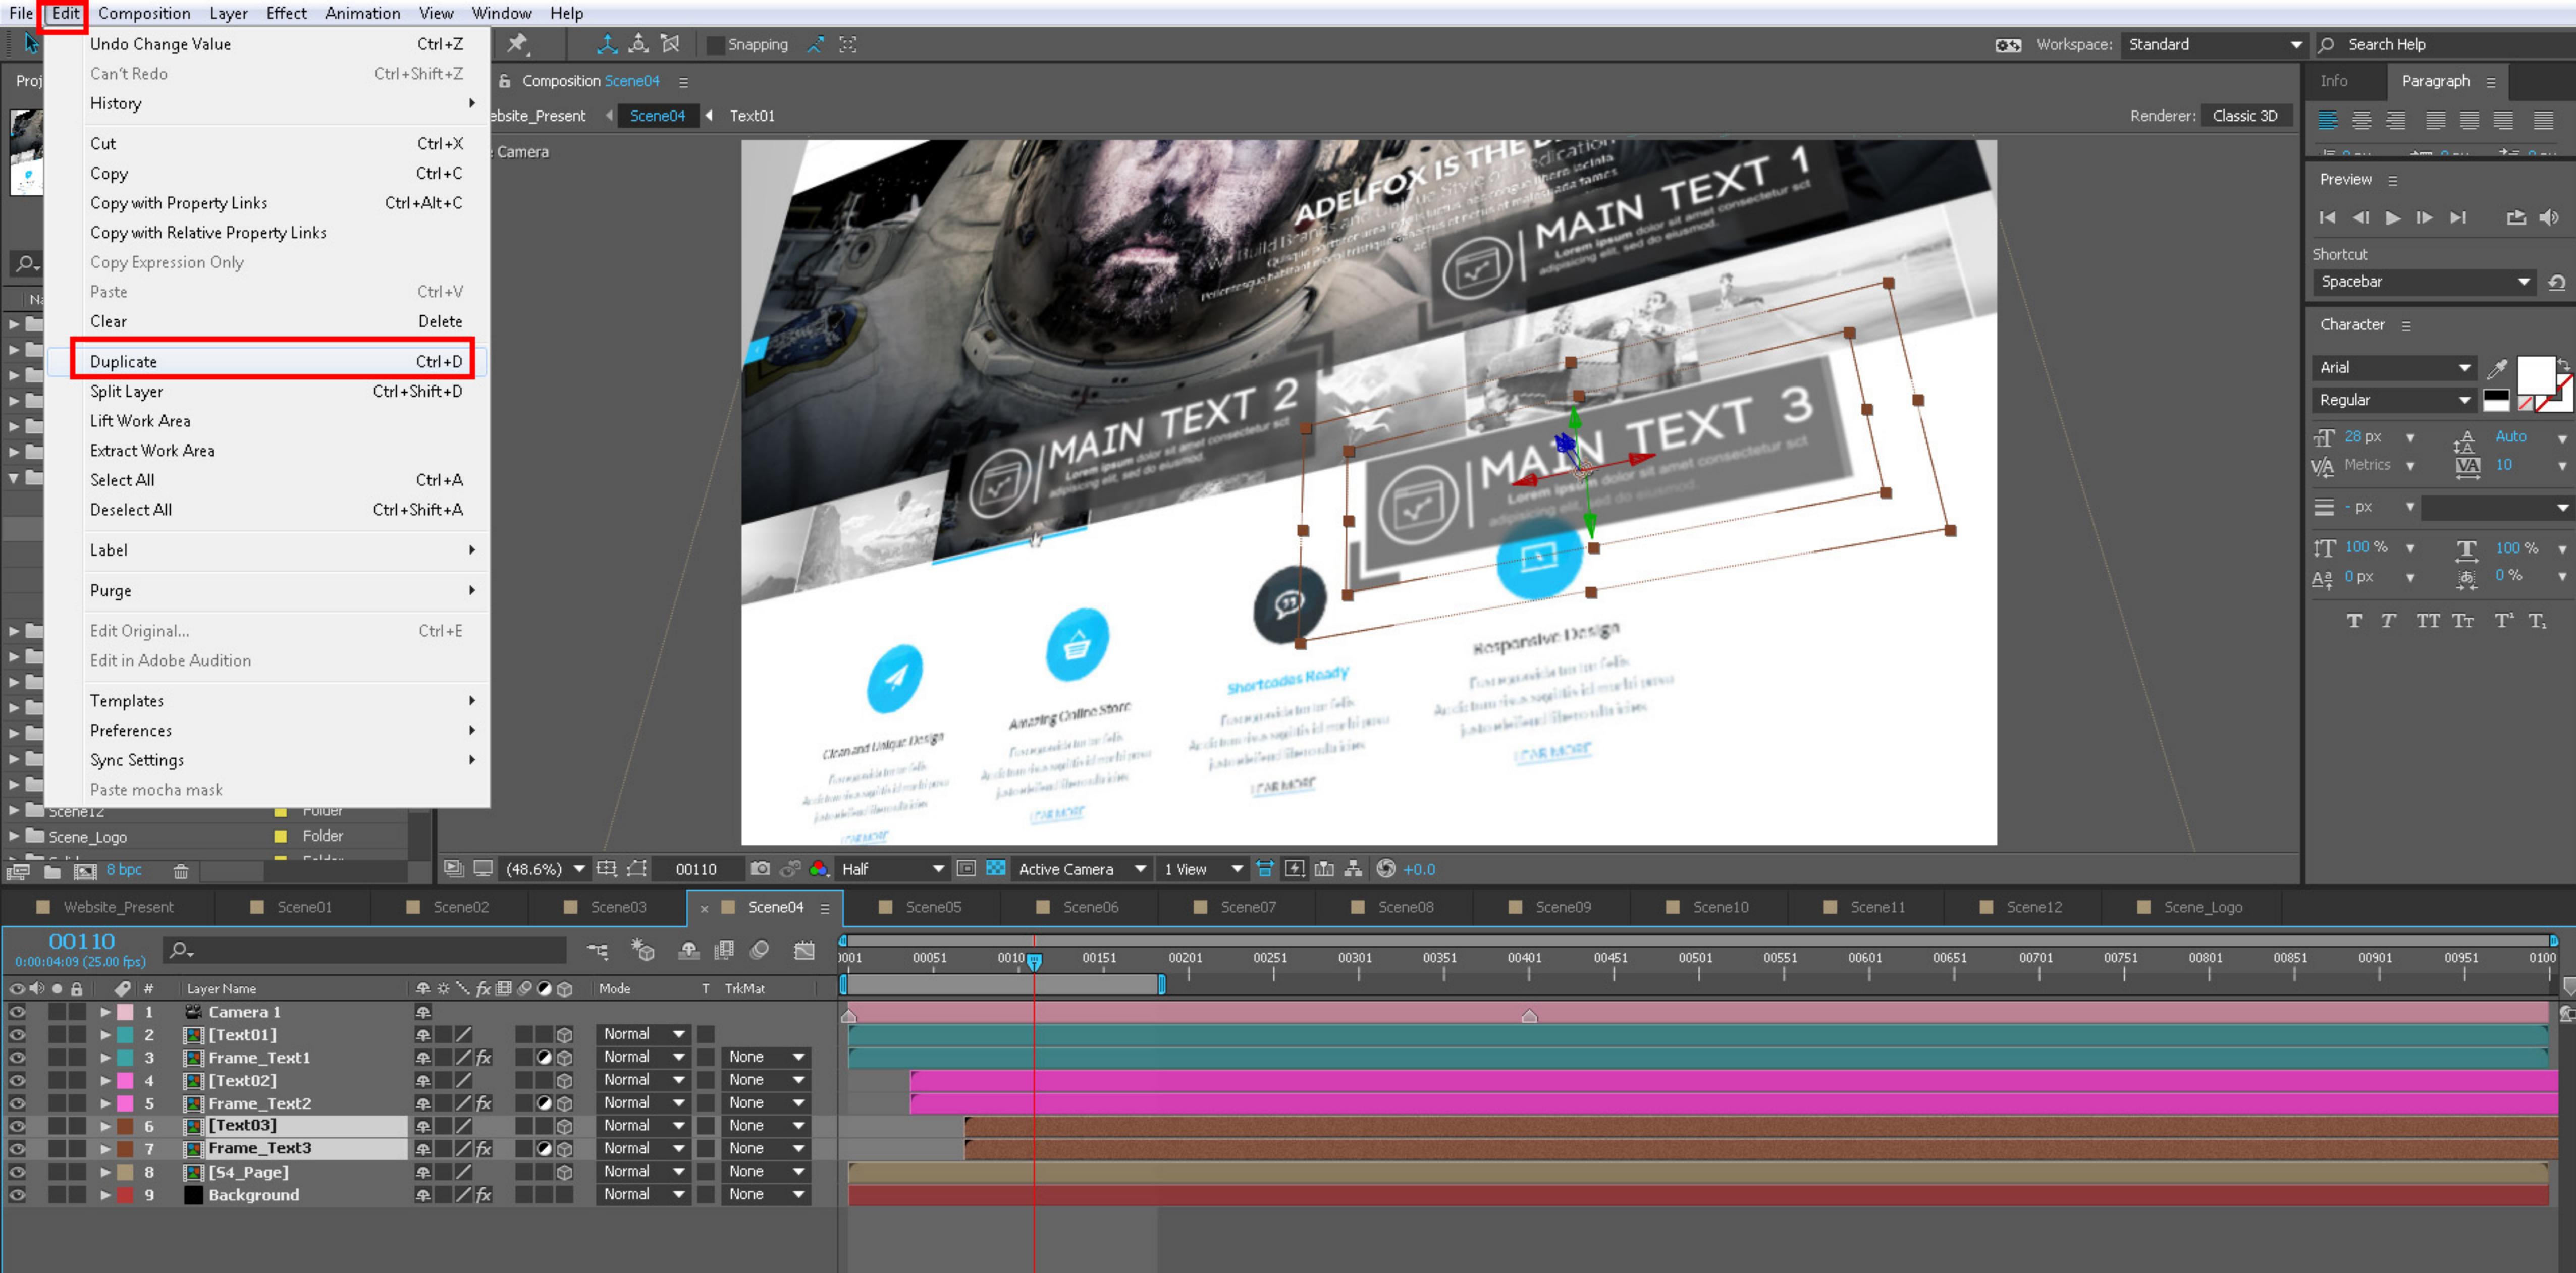

The main workspace shows a detailed view of the composition, with a red selection box highlighting a portion of the text and icon layers. A green selection handle is visible on one of the text boxes.

Text settings on the right pane indicate "Arial" font, "Regular" weight, "28 px" size, and "10" metrics.

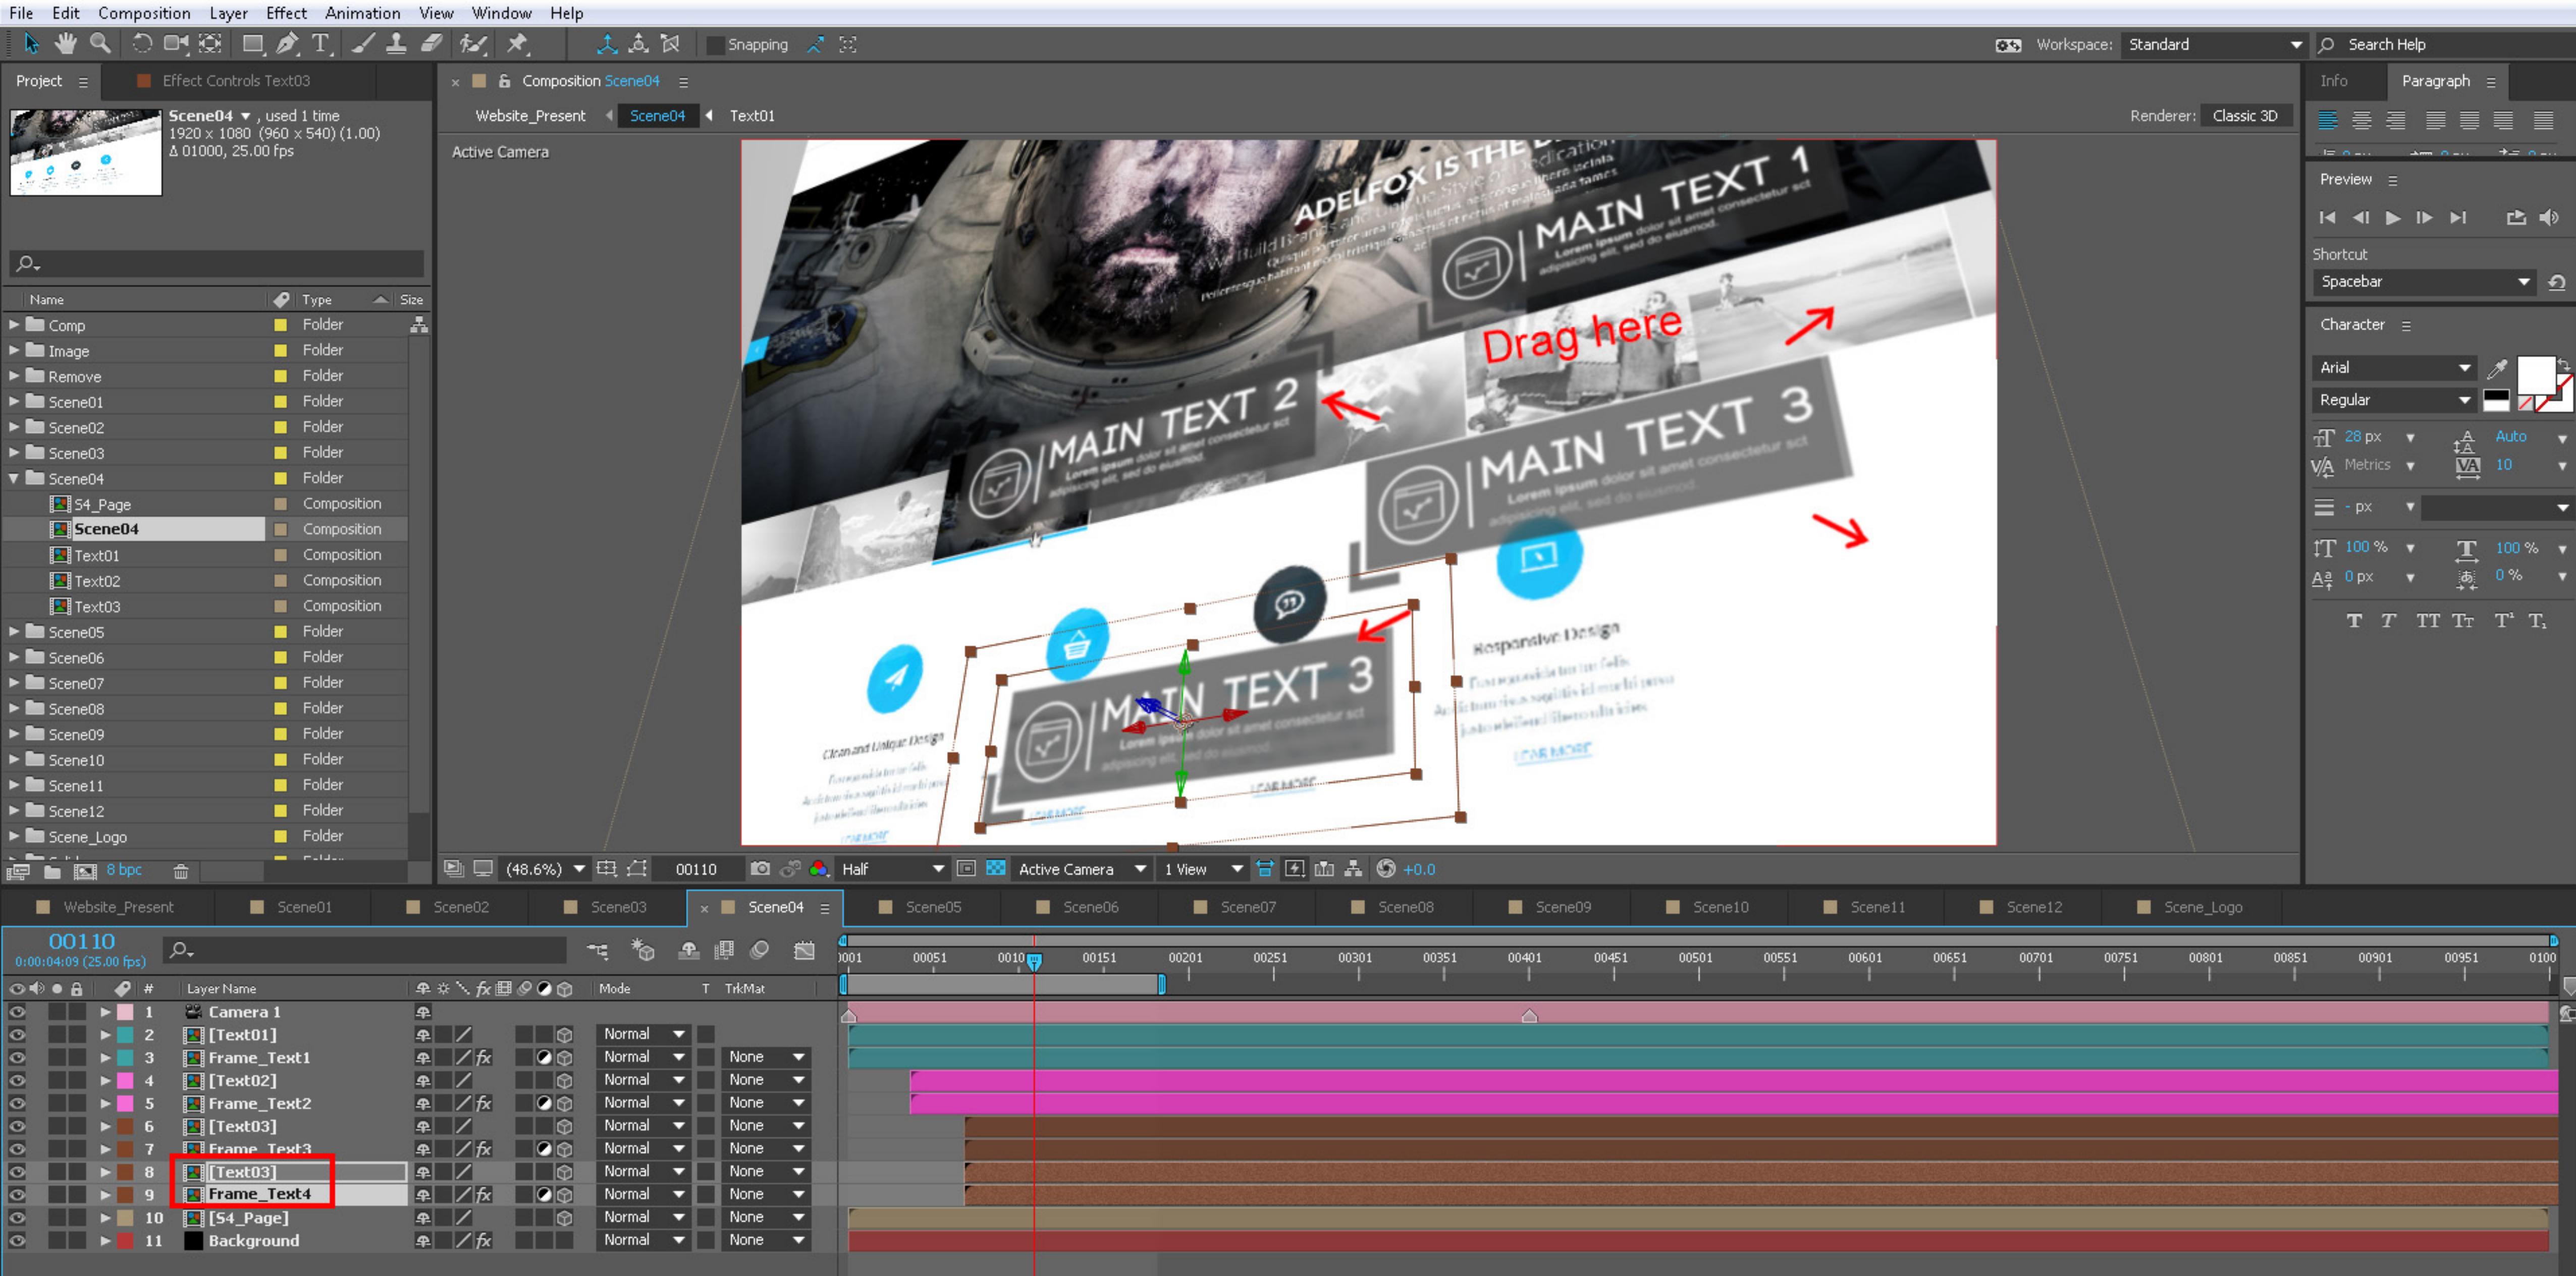

How to add the lower thirds of scene 04, 06, 08, 10

1. Select layer “Text03 and Frame_Text0

2. Choose Duplicate(Ctrl+D)

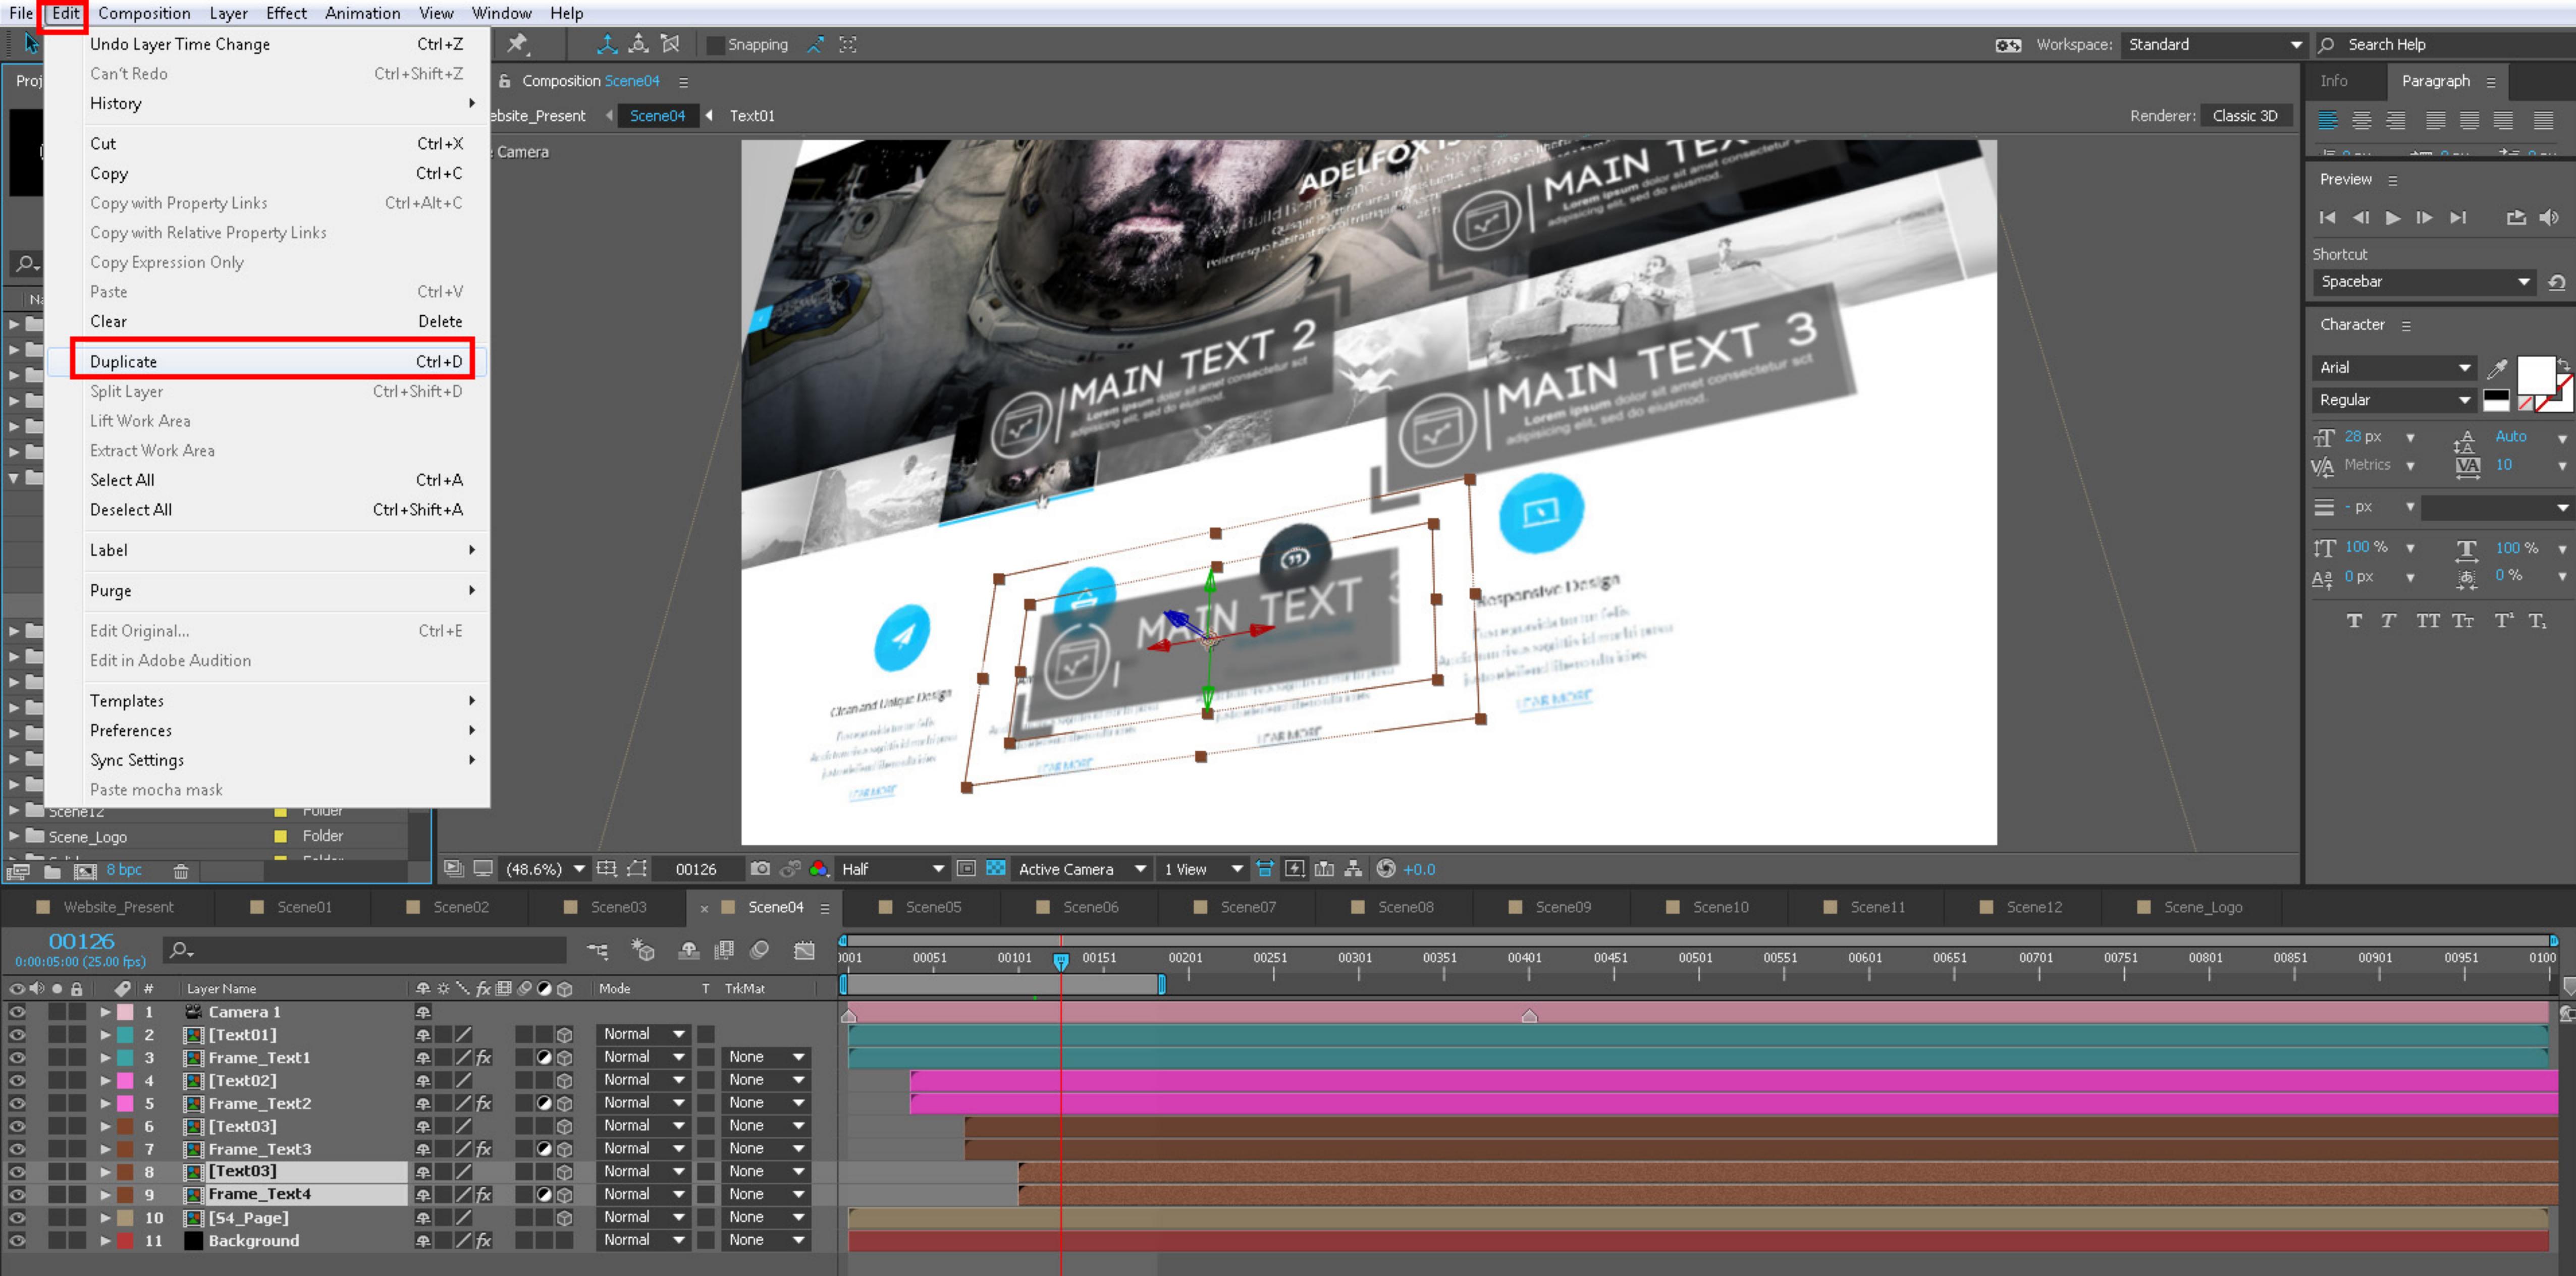

3. Select the layer “Text03(from duplicate)” and drag in the screen

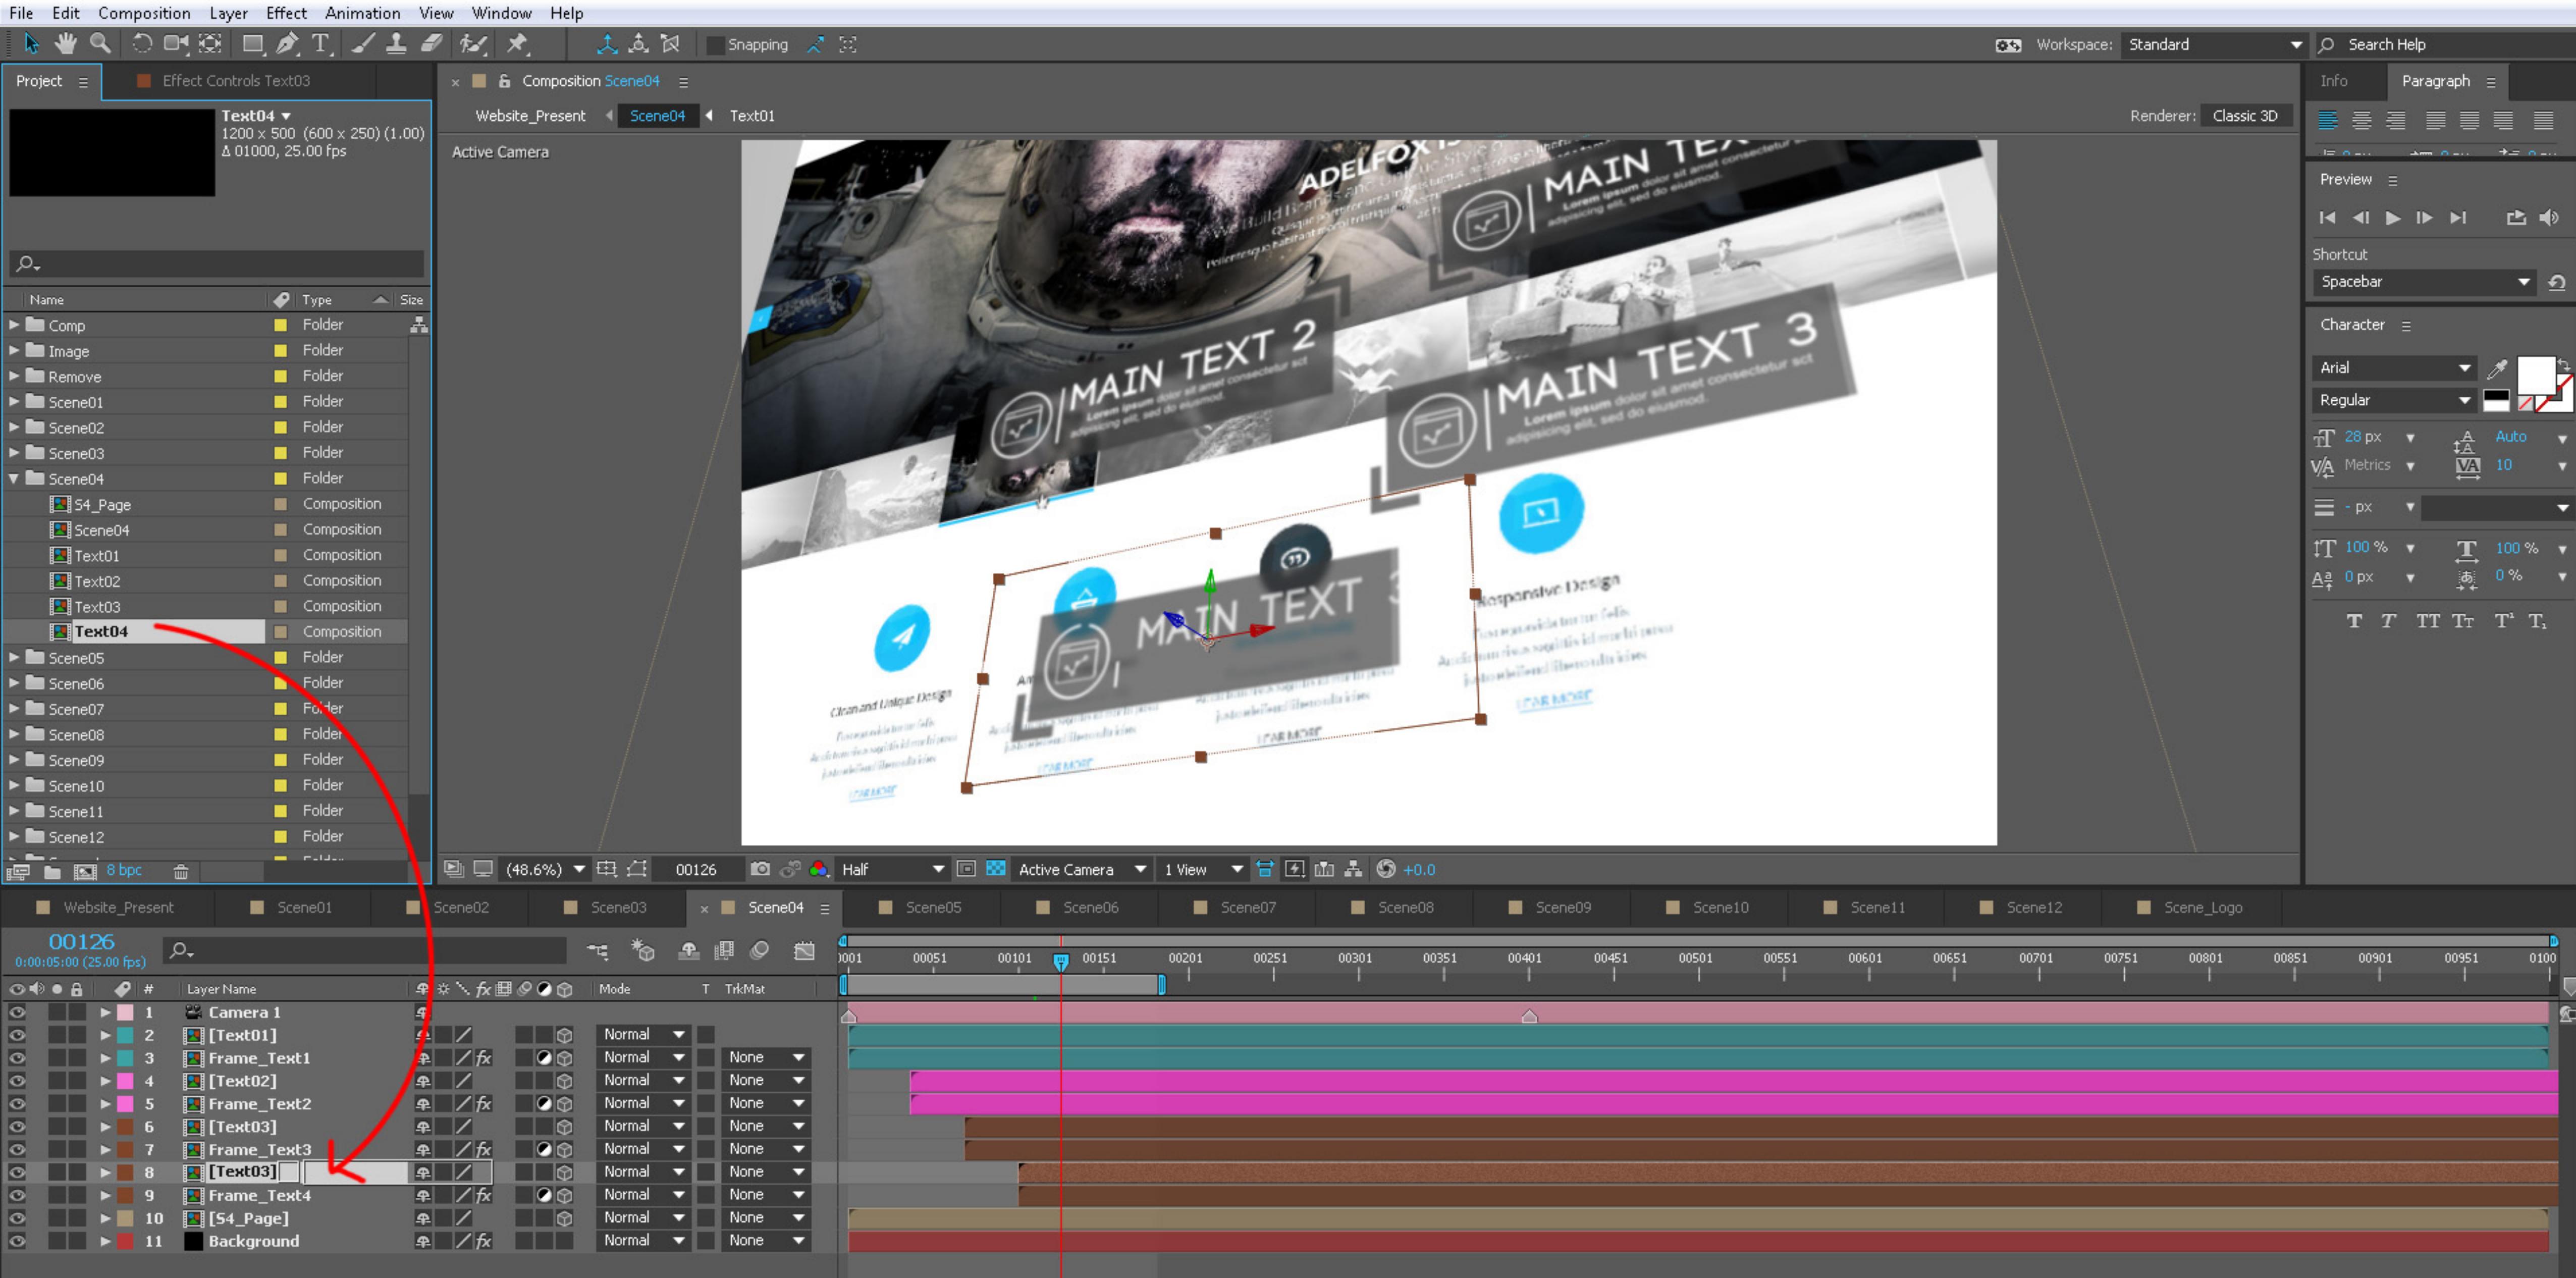

The screenshot shows the Adobe After Effects interface with the following details:

- Project Panel:** On the left, it lists various compositions, images, and folders. The composition "Text03" is highlighted with a red box.
- Composition Panel:** The main workspace shows a composition titled "Scene04". It contains several text layers: "MAIN TEXT 3", "MAIN TEXT 2", and "MAIN TEXT 3" again. There are also other text elements like "ADELFOX", "Responsive Design", and "Clean and Unique Design".
- Timeline Panel:** At the bottom, the timeline shows a sequence of frames from 00126 to 0100. Layer 6, which is "Text03", has a keyframe set at frame 00101.

4. Select the comp “Text03” in folder scren04

5. Choose Duplicate(Ctrl+D)

6. Replace the comp “Text04” in to the layer “Text03 from duplicate”

How to replace 1. Select the layer “Text03” in the timeline and press hold Alt(Option)

2. Drag the comp “Text04” in folder scene as you edit into the layer “Text03” in the timeline

Screenshot of Adobe After Effects interface showing a composition named "Scene04".

The Project panel on the left shows a folder structure with "Text04" selected.

The Composition panel in the center displays a multi-layered graphic design featuring a background image of a space shuttle launching, several text layers ("MAIN TEXT 1", "MAIN TEXT 2", "MAIN TEXT 3"), and various icons and call-to-action buttons ("Learn More").

The Timeline panel at the bottom shows a sequence of frames from 00126 to 0100, with layer 8 (Text04) highlighted. The timeline has several tracks, each with a different color overlay.

The Properties panel on the right shows settings for the selected text layer, including font (Arial), size (28 px), and metrics (VA 10).

When you replace finish you can edit the new lower third same other lower thirds

Screenshot of Adobe After Effects interface showing a composition named "Scene04".

The Project panel on the left shows a folder structure:

- Scene04 (selected)
- 54_Page
- Scene04
- Text01
- Text02
- Text03
- Scene05
- Scene06
- Scene07
- Scene08
- Scene09
- Scene10
- Scene11
- Scene12
- Scene_Logo

The Composition panel in the center displays a complex multi-layered scene. At the top, there's a large image of a space shuttle launching. Below it, a banner reads "ADELFOX IS THE" and "MAIN TEXT 1". The scene includes several lower-third graphics: one for "Clean and Unique Design" featuring a person's face, another for "Amazing Online Store" with a shopping cart icon, and one for "Shortcodes Ready" with a speech bubble icon. A "Responsive Design" section is also visible. The bottom of the composition features a white bar with icons for a camera, a gear, and a play button.

The Timeline panel at the bottom shows layers 1 through 9. Layer 1 is "Camera 1", layer 2 is "[Text01]", and layer 3 is "Frame_Text1". Layers 4, 5, 6, 7, 8, and 9 are grouped under "Frame_Text2". Layer 9 is "Background". The timeline marks show frame numbers from 0001 to 0100.

Info panel on the right shows settings for "Text01": Arial, Regular, 28 px, Metrics 10, and a bounding box of approximately 100px by 100px.

If you don't want some text lower thirds of scen 04,06,08,10 you can turn off with click on eye icon in front layer
